

# SUPPORTED INTERNSHIPS

## Find out how your business can benefit from supporting an Intern.

### An introduction and informative overview of Supported Internships

- 📅 Wednesday 27<sup>th</sup> March 2024
- 🕒 8.45am - 10.45am (*breakfast included*)
- 📍 The\_Space, Congleton

### **A Supported Internship is a terrific way of giving the employers an opportunity to work with motivated young people who want to work!**

It's designed for 16 to 24-year-olds with Special Educational Needs and/or physical disabilities, who have an Educational and Health Care plan (EHCP). It offers your business an intern, who would be supported by a highly trained job coach, supporting them to learn 'real skills, for a real job' at no cost to you the employer, with support also being offered to you throughout the programme. It's a risk-free way to tap into untapped talent – and whilst you gain a valuable team member, the intern gains valuable skills.

“ Although she’s an intern, Amy is a real key member of our team and has been since she started. ”

David Rowley  
General Manager, Crewe Hall Hotel & Spa

“ I’ve really enjoyed my internship, and meeting new people I get more confidence. ”

Amy  
Supported Intern, Crewe Hall Hotel & Spa

## Your business benefits in many ways

- It can save your company time and money
- It gives you extra team capacity at no extra cost
- It opens up a diverse, undiscovered talent pool
- It provides motivated, committed employees
- It improves morale and team working
- It can enhance your company’s reputation, both internally and with customers
- It demonstrates social value, helping you attract further talent and win business

## Grow your team, grow their confidence!

While this is a game-changing opportunity for your business, it’s a life-changing opportunity for the supported interns. They develop in confidence, learn new skills, learn to work as part of a team, build their independence and progress towards paid employment. So, you really are helping to rewrite their future.

## Want to find out more?

Our introductory event takes place on Wednesday 27<sup>th</sup> March – National Supported Internship Day – where you can discover exactly how a Supported Intern can benefit your organisation.
